SEPARATION MEMBRANES

D-20752-1

Thermal imidization of 6FDA-ODA/Et₃N polymer in presence of 4-hydroxybenzoic acid (10% by weight) at different temperatures.

Thermal imidization of 6FDA-ODA/Et3N at 110°C (catalyst 4-hydroxybenzoic acid).

Title: POLYIMIDE GAS SEPARATION MEMBRANES

D-20752-1

Thermal imidization of 6FDA-6FDAn/Et₃N polymer in presence of 4-hydroxybenzoic acid (10% by weight.) at different temperatures.

Thermal imidization of 6FDA-6FDAn/Et₃N at 110°C (catalyst 4-hydroxybenzoic acid).
